A React Developer with 1+ year of proven experience at Hloov building feature-rich robust, scalable, and reusable components using react and redux. Experience has taught me to take accessibility and responsiveness seriously. Passionate about learning and development with a desire to apply skills on a large development team. Eager to tackle more complex problems and continues to find ways to maximize user efficiency

## WORK EXPERIENCE

**Hloov** (December 13, 2021 - Present)

Software Engineer(UI)

Build Single Page React app that could scale with an increase in interaction and complexity. Developed scalable, highly responsive reusable components using react and redux, and syncfusion. Integrated APIs to cater to the data needs of the react components. Worked with the backend team to implement multiple-user workflows. Exposure to tools like azure CI/CD pipelines, DevOps, etc. Implemented Azure Active Directory (Azure AD) identity and access management service. Build and Integrated Analytics dashboard and charts using chartjs and D3js

**Hloov** (November 06, 2021 - December 06, 2021)

Frontend Intern

Worked well independently and on a team to solve problems. Gain hands-on experience with IFCjs and Threejs. We created and demonstrated projects using IFCjs and Threejs to load 3D IFC files. Organized and prioritized work to complete assignments in a timely, efficient manner.
